## Noted Authority On Abe Lincoln Kills Himself

SPRINGFIELD (UPI) — Benjamin Platt Thomas, 54, one of the nation's top authorities on Abraham Lincoln, killed himself Thursday because he thought he was dying of cancer.

Thomas' wife found a suicide note on the kitchen table, she told police, and then went to the basement where she found her husband's body.

Thomas was sitting in a chair with a .32 caliber police revolver in his hand. There was a bullet wound in his right temple.

In the note left by Thomas, he said he was taking his own life because he thought he was suffering from cancer.

Coroner W. O. Telford listed Thomas' death as an apparent suicide.

Thomas' most famous work was a one-volume biography, "Abraham Lincoln," published in 1952. He had written numerous studies and biographic papers on the Civil War president.

Funeral arrangements were placed under the direction of Thomas C. Smith & Sons, the same funeral home which handled the Springfield burial of Lincoln in 1865.

He was survived by his wife Sally, and three children; George K. of Springfield; Martha L. of San Francisco and Sara H., a student at Goucher College.

## Gov't Invites Proposals for Site For Alcatraz-Type Federal Prison

WASHINGTON (UPI) — The government invited communities in Illinois, Kentucky, Tennessee and Missouri today to submit proposals for a site for a new Alcatraz-type federal penitentiary.

Elected to the Junior Honor society were Don Beggs, Kay Mitchell, Gary Karnes, Mike Woolcott, and Alice Roberts.

Bill Bottomley, Jim Cummings, and Charles Cummings, were elected to the Senior society. Officers of the National Honor society are Judy Franks, president; Anne Endsley, vice president, and Robert Jones, secretary. H. B. Baumert is the HTHS sponsor of the National Honor society.

At the same time, Brownell announced the appointment of a four member committee which will screen all proposals. The group includes James V. Bennett, federal prisons director; Larson B. Knott, assistant commissioner of the Public Buildings Administration; E. Robert Seaver, of the deputy attorney general's office, and Judge Potter Stewart, of the U. S. Circuit of Appeals, Cincinnati, Ohio.

The department said the deadline on proposals and "expressions of community interest" to be reviewed by the community is next Dec. 20. The committee will submit its findings to Congress.

The department said a tract of from 600 to 1,500 acres will be required for the new prison "served by adequate transportation, water, electricity and other facilities."

It added that specifications also "outline the factors" that will be considered in making a final choice.

The Justice Department previously announced the new maximum security prison would be built somewhere in central United States.

The invitation narrowed the location down to the southwest quarter of Illinois, the nine westernmost counties of Kentucky, northwest Tennessee and the eastern section of Missouri.

**DREW PEARSON** Says: Naval Captain Orders Government Plane For His Own Wedding; Naval Enlisted Man Almost Misses His Wedding; More Abuse Of Free Franking Privilege.

I was a strictly legitimate training flight in every sense of the word. There was no private interest except what was purely coincidental."

**ALMOST LEFT AT THE CHURCH**

WASHINGTON. — Two recent naval weddings prove that it pays to be a high-ranking officer. It may mean the difference between whether you get married or don't.

Wedding No. 1 had as bridegroom Capt. Conrad W. Craven, commanding officer of the Airborne Early Warning Wing, U. S. Atlantic Fleet. Two weeks ago the world was in crisis and the White House was worried about Russian maneuvers in the Near East and Hungary. On the morning of November 17, however, Captain Craven flew to Lincoln, Neb., on a "training flight" — just in time to attend his own wedding.

With him went a planeload of fellow officers on an important mission. They were to serve as ushers. They stayed in Lincoln till Sunday Nov. 18, then flew back to the home base at Patuxent Naval Air Station, Maryland.

What makes Captain Craven's "training flight" interesting is his official mission, namely to patrol the early warning line in the North Atlantic ocean which is America's first line of defense against a Russian sneak attack.

When Captain Craven made his "training flight," the nation's armed forces had been "alerted" up and down the Atlantic coast and in other parts of the world.

Captain Craven, however, seemed to consider his own wedding more important than the world crisis, for he took his Navy Constellation off the nation's defense line in order to join his fiancee in Nebraska. This, of course, was done at considerable cost to the taxpayers.

"It was strictly a training flight," insisted the captain when asked whether he had flown a Navy plane to Lincoln on November 17.

Asked whether a wedding had taken place while he was in Nebraska, Captain Craven reluctantly concurred.

"Yes, I believe there was one," he replied.

He also answered "yes" when asked whether the wedding had been his own.

"There was a considerable number of training flights that day. One flight stopped by there for a while," said the captain. "Why are you asking these questions? I haven't publicized this thing at all."

Captain Craven denied that he had made the flight specifically in order to attend his wedding at government expense.

"That wasn't the case at all," he protested vigorously. "On that particular day I had four cross-country instrument training flights. No one of the flights was ordered to go on any particular route. Certain routes are established for various training flights. One dropped down at that base. It wasn't established for that purpose. It was completely chance.

## Eldorado is Host to Group from Seven Nations to Study Program

### Meeting Approves Plan to Raise Funds For Factory Building

Eldorado was host Thursday to representatives of seven European nations who are visiting throughout the United States to study community action in economic development. The group was in Eldorado to study its Community Development program, now in its third year.

Highlighting the program for the visitors was the regular Town meeting, held in the high school auditorium with a near capacity crowd in attendance.

During the meeting a proposal to raise a large sum of money to construct a building for an industrial organization interested in locating in Eldorado was tentatively approved.

The minimum amount needed to get the building started is \$60,000 and almost double that amount will be necessary to complete the job. Committees are to be appointed soon to get the fund rais-

ing project underway. Shares at \$10 per share will be offered for sale.

### Plans Progress

The community has just recently raised about \$50,000 for another manufacturing concern and plans are progressing rapidly on that project.

A site has been secured and bids are being accepted for the construction.

The European representatives came to Eldorado from Cairo, where a Community Development program is just being started.

During their stay in Eldorado the visitors were noon luncheon guests of the Eldorado Junior Women's club, the meal served at the Presbyterian church, and Thursday evening there was a dinner and musical program in the educational unit of the First Methodist church.

During the afternoon a tour of Eldorado and surrounding communities gave the visitors a rather complete picture of the area and later in the afternoon an in-

formal reception was held at the city hall for the public.

Last night and this morning the visitors were guests in private homes and the group left Eldorado about 9 a.m. today to visit other areas in southern Illinois.

### Trip Arranged by SIU

The team of visiting economists is sponsored by the International Co-operative Administration, a United States agency, and the European Productivity Agency. The men started their cross country tour from Washington, D. C., and have visited cities both large and small, including Hazelton, Pa.; Albany, N. Y.; Boston, Mass. Their visit to southern Illinois was arranged by Southern Illinois University.

A part of the team did not make the trip to Eldorado, but instead were visiting the Tennessee Valley Authority.

Guido V. Declercq of Belgium, captain of the team, stated there

### Federal Officials To Question Hodge At Menard Prison

SPRINGFIELD — Federal authorities will interview convicted State Auditor Orville E. Hodge at Menard State Prison in the coming week in an investigation of a \$35,000 lobbying fee paid to a lawyer friend of Hodge.

U. S. Atty. John B. Stoddart Jr. said he or some representative of his office would interview Hodge at the prison to determine whether he should be brought here to testify before a federal grand jury which will resume its investigation of the fee Wednesday.

The grand jury recessed Thursday after hearing testimony from three witnesses in the case.

The three were Chicago attorney J. Roy Browning, J. Wesley McAfee, president of Union Electric Co., and Harry C. Williamson, real estate and tax officer for the utility.

Neither the witnesses or Stoddart would comment on the testimony.

TWO FEATURES AT GRAND — Jock Mahoney battles with a range hand in a scene from "Showdown at Abilene," in Technicolor, to show at the Grand tonight and Saturday. Also on the double feature program will be "Miami Expose," with Lee J. Cobb, Patricia Medina and Edward Arnold.

## New Assembly Seating Arrangement At the High School

HTHS is putting into operation a new general assembly seating program.

The new arrangement will work as follows: Students will sit with their second-hour classes, under the supervision of their second-hour teacher.

New to the school, the program will do away with much of the pre-

vious confusion and delay in getting into the gymnasium at the beginning of the assembly program.

"We've planned a permanent seating program since the beginning of the year, as usual," James Beers, assistant principal declared, "but we're just now getting around to carrying it out."

The new arrangement was suggested by Mrs. June Malan at a faculty meeting.

The value of fish liver oil is due to the vitamin D content.

Mr. and Mrs. John Edward Schmitt (Ronnie's Studio Photo)

Before an altar decorated with white gladioli and greenery Miss Nita Sue Molinarolo, daughter of Mr. and Mrs. Pete Molinarolo, RFD 2, Eldorado, became the bride of John Edward Schmitt, son of Mr. and Mrs. William G. Schmitt of Ridgway, Thursday, Nov. 22, at 9 a.m. at St. Mary's Catholic church in Eldorado. Rev. W. E. Hanagan performed the double ring ceremony.

The couple exchanged wedding vows as mass was sung by the church choir accompanied by Madge Roberson, organist.

The bride wore a floor length gown of chantilly lace and tulle over satin designed with long sleeves pointed over the hands. Pleated inserts were placed down the back of the skirt. She wore matching satin shoes and velvet headpiece trimmed with pearls. Her flowers were lavender mums.

Her elbow length veil of illusion was secured to a tiara of lace and pearls. Her only jewelry was a single strand of pearls and she carried a bouquet of white Fugi mums with lavender button chrysanthemums.

## Ex-Gov. Green Gives Up Bank Chairmanship

CHICAGO (UPI) — Former Gov. Dwight H. Green has given up the board chairmanship of the First Security Trust & Savings Bank in suburban Elmwood Park.

William W. Wirtz, 28, son of sports promoter and real estate man Arthur M. Wirtz, principal stockholder of the bank, was named the new chairman of the board.

Wirtz and Green himself suggested a change on Nov. 20 at meeting of the bank's directors. "In no sense was Green ousted," said Wirtz.

The new board chairman said the former governor had found the job was exhausting and that he wished to be only a director and general counsel.

Green was chairman of the bank since 1953, when it was reorganized after having been closed by then State Auditor Orville E. Hodge. Hodge secretly owned a large part of the stock which he sold to the elder Wirtz last June.

Hodge currently is serving a 12-15 year prison term at Menard State Penitentiary for embezzling almost \$1.5 million dollars from the state.

Wirtz said he took the chairmanship mainly because "80 per cent of the bank stock" was held by his family's real estate firm, of which Arthur Wirtz is president.

The new chairman said his father purchased the stock from Hodge with the "idea of distributing it back to the community of Elmwood Park." He added that about 30 per cent of the stock is now being sold to interested persons of the community.

Both the elder Wirtz and Green testified before the Senate Banking and Currency Committee, when it investigated the Hodge scandal in Chicago during October.

## Births

To Mr. and Mrs. John Thad Gaskins and Miss Marie Hensley at the Knights of Columbus hall in Ridgway.

The bridegroom attended the Ridgway high school and is employed at Youngstown Sheet and Tube Co. in Gary, Ind.

The bride is a graduate of the Eldorado high school and of Lockyear's Business college. Her going away outfit was of powder blue faille designed princess style with black accessories.

The couple will reside in Gary, Ind.

Mr. and Mrs. John Thad Gaskins and Miss Marie Hensley have gone to Phoenix, Ariz., to visit his brother-in-law and sister, Dr. and Mrs. Lee Thompson, another sister, Mrs. Barbara Parks, and David Baker. They will also go on to San Diego, Calif., to visit Mrs. Marilou Schrader.

The couple exchanged wedding vows as mass was sung by the church choir accompanied by Madge Roberson, organist.

The bride wore a floor length gown of chantilly lace and tulle over satin designed with long sleeves pointed over the hands. The bodice of lace had a V shaped neckline and the bouffant skirt is made of fine alternating tiers of lace and tulle. She carried out a large bow at the waist in back. ## Soviets Unleash Propaganda Attack Against U. S. Allies

LONDON (UPI) — The Soviet Union unleashed a massive propaganda attack today against the United States and its allies. It was a cold-blooded return to the cold war.

In the space of a few hours Moscow Radio, the Soviet press and Red diplomats loosed an avalanche of charges against the United States, Britain, France, Iraq and Turkey.

Observers here said Moscow, stung by world condemnation of its action in Hungary and the possible loss of a foothold in Egypt, was returning to the tough Stalin-Molotov foreign policy line.

The Soviet assaults ranged from

### Hiller Presides At Meeting of Metropolitan Vets

Delmar H. Hiller

Delmar M. Hiller, assistant manager in charge of the Metropolitan office in Harrisburg, and president of the Southern Illinois Chapter 23 of Metropolitan Veteran's association, presided at the annual meeting and banquet of the association held Tuesday, Nov. 27, at the Statler hotel in St. Louis.

The Veteran's association is composed of Metropolitan employees with twenty or more years of service with the company and Chapter 23 consists of Metropolitan men and women in Illinois territory from Quincy south to Cairo.

This year 116 veterans were in attendance at the business meeting and banquet. The chief speaker at the dinner was George A. Smith of Williamsport, Pa., president-elect of the National Metropolitan Veterans association, which covers all the United States and Canada.

Also present were Patrick J. McNamara of Chicago, president of the National Association, Austin T. Schussler from the Home Office in New York, who is chairman of the superintendents of agencies.

Vincent T. O'Neill, territorial supervisor, and John Britton, editor of Metropolitan Field News.

William Zimmer of Harrisburg, agent in the local Metropolitan office, and Metropolitan veteran, also attended the annual meeting and banquet.

## U. S. Warns Against Attack On Baghdad Pact, Mid-East Nations

WASHINGTON (UPI) — The United States hoped today that its warning to any nation attacking Baghdad Pact members will stave off a new outbreak of fighting in the Middle East.

Diplomatic officials expressed grave concern that warlike action in Syria, the latest arena for Russia's "malicious meddling," could spark a new war.

This was the big reason that the United States, in a formal statement late Thursday, warned Russia, Syria, or any other nation that it would regard aggression against Middle East members of the Baghdad Pact as a threat to peace.

The pact is a mutual security arrangement embracing Britain and the Middle East nations of Iran, Iraq, Pakistan, and Turkey. The latter four form a tier along the southwestern border of the Soviet Union.

The United States reaffirms its support for the collective efforts of these nations to maintain their independence," the State Department said in an unusual statement approved by both President Eisenhower and Secretary of State John Foster Dulles.

## Ancient Archie Moore Meets Youthful Floyd Patterson in 15-Round Title Bout Tonight

CHICAGO (AP) — Light heavyweight champion Archie Moore, ancient gypsy of the boxing trails, and youthful Floyd Patterson, the "Kangaroo Kid," fight tonight for the vacant world heavyweight crown; and the winner will be either the oldest or the youngest heavy ruler in ring history.

In the dazzling cone of light at Chicago Stadium, Moore of San Diego, Calif.—39 or 42—is slated for 15 rounds with Patterson of Brooklyn—21 or 30—to determine which shall ascend to the throne left vacant by Rocky Marciano's retirement last April 27.

Promoter Jim Norris expects a crowd approaching 18,000 to pay between \$250,000 and \$300,000 for the privilege of live-viewing the

fight, which will be televised and broadcast nationally. It will be blacked out on a 150-mile radius in the Chicago area.

Moore will not be risking his own light heavyweight 175-pound crown while getting his second shot at the far more valuable heavyweight laurels. But if he should win tonight, his light-heavy championship will be vacated automatically and immediately.

National Boxing Association rules no longer permit one man to wear two world crowns simultaneously.

### Edge On Experience

Moore's admirers believe he will turn the trick because of his vast experience in 156 fights against middleweights, light heavies and heavies during the past 20 years. In addition to his ringcraft, Moore is credited with having the harder punch. He knocked out 90 opponents.

Patterson's 30-1-0 record includes 21 knockouts. He earned the right to fight Moore by winning a split 12-round decision over Tommy (Hurricane) Jackson at Madison Square Garden, last June 2. But in that bout, he fractured his right hand. In three recent examinations, physicians said the break was healed perfectly. Nevertheless, whether the hand will survive Floyd's 15-rounders tonight, is a major question.

### Pistons Beat Syracuse, 92-87

By United Press

The Fort Wayne Pistons finally won a game at Syracuse and that means anything can happen now in the National Basketball Association.

The Pistons cracked the pro circuit's biggest jinx Thursday night when they defeated the Nationals at the War Memorial Auditorium, 92-87. It was the first time Fort Wayne had won at Syracuse in 27 NBA games.

On March 13, 1948, Fort Wayne beat Syracuse at the old State Fair Ground court in the upper New York state city, but that was in a National Basketball League game before the two clubs joined the NBA.

Fort Wayne plays Boston and New York meets Philadelphia in a double-header at Philadelphia to-night.

## Bull Dogs Meet Eldorado Eagles At Davenport Gym Saturday Night

### Eagles Will Travel To Carmi For Game Tonight

The Harrisburg Bull Dogs will display their ability before a Davenport gym crowd Saturday night when they meet the neighboring Eldorado Eagles in a non-conference basketball game.

Harrisburg has played one tilt, bowing at Carmi last week, 68-57, and Eldorado will have had one game under its belt by the time the Eagles meet Harrisburg, be-

cause they will travel to Carmi tonight for the opening tilt for Eldorado and the third contest for the White county boys.

Coach John Dotson said yesterday that his boys have been looking pretty good in practice and that he will continue using the fast style of play shown at Carmi.

Starters will be Wayne Stone at center, Ray Hassett and Ben Fulkerson at guards and Bill Henshaw and either Jim Cummins or John Zeigler at forwards. Charles Cummins, twin brother of Jim, is slated to see a lot of action, Dotson said.

The Eldorado Eagles, lacking both experience and height, open their season against a big, veteran Carmi team at Carmi tonight.

Sure to see considerable action for the Eagles are Richard Overton, Don Kingery, Marty Feuquay and Ben Dempsey, who played some varsity ball last season, but not enough to letter. Also figuring in Coach Al Adams' plans are Thornton Davis, transfer student from Cave-in-Rock, Leonard Willis, who played some on the sophomore squad last season, and Gary Cawthon, tallest man on the squad, but inexperienced.

Harrisburg is idle tonight but there is a full fare in southern Illinois. Games include Eldorado at Carmi, Carrier Mills at Johnston City, Cave-in-Rock at Equality, Galatia at Pope County, McLeansboro at Mt. Carmel, Murphysboro at Trico, Ridgway at Crossville, Royalton at Bluford, Salem at Effingham, Sparta at Pinckneyville, West Frankfort at Christopher, Rosiclare at Vienna and Dahlgren at Valier.

Besides Harrisburg-Eldorado Saturday night, Galatia will entertain Sesser and Shawneetown will travel to Effingham to meet St. Anthony high.

The men of the Carrier Mills Baptist church furnished the music for the WEBQ Baptist Hour Sunday morning and then returned to the church for a breakfast prepared by Glyn Holloway and William Moody. The pastor reports there were 14 men and boys at the radio service and breakfast.

## Gov't Discontinues Purchase of Lard, Hamburger, Turkeys

WASHINGTON (UPI)—The Agriculture Department today discontinued its purchase programs for hamburger, lard, and frozen turkeys.

The buying programs were started in late September and early October in an effort to bolster farm prices of these products.

The department spent a total of \$38,700,000 for the three commodities. The food was distributed to the school lunch program.

### Thinking It Over

By Robert L. Dieffenbacher, D.D.  
Written for NEA Service

The cards which we send for our Christmas greetings ought to express the true spirit of the season.

They should remind us of Christ whose birth is being celebrated. We honor the day because no other person has changed history as did the baby who was born in a manger nearly 2000 years ago.

Our cards should convey the

spirit of love and rejoicing for hope and faith. Many symbols and traditions have grown up around the season, but most of them have centered around the church and the spirit emulated by Christ.

Let us send cards which will further the greatly needed spirit of love and faith and hope. If the real spirit of Christmas is accepted by enough people we can hope for less strife and conflict in the world.
